PETITIONING THE COURT

To incorporate the violation(s) contained in this petition in future proceedings with the violation(s) previously reported to the Court on 04/15/2022.

On February 2, 2022, an officer with the U.S. Probation Office in Spokane, Washington, reviewed a copy of the conditions of supervision with Ms. Mager as outlined in the judgement and sentence. She signed a copy acknowledging the requirements.

The probation officer believes that the offender has violated the following condition(s) of supervision:

<u>Violation Number</u>	<u>Nature of Noncompliance</u>
4	<u>Special Condition #4:</u> You must abstain from the use of illegal controlled substances, and must submit to urinalysis and sweat patch testing, as directed by the supervising officer, but no more than 6 tests per month, in order to confirm continued abstinence from these substances.

Supporting Evidence: On or about April 16, 2022, Amanda Mager allegedly violated special condition number 4 by consuming methamphetamine.

On April 18, 2022, the offender was subject to phase urinalysis testing at Pioneer Human Services (PHS), when her assigned color was identified for testing. Ms. Mager provided a urine sample that was presumptive positive for amphetamine and methamphetamine. She subsequently admitted to the use of methamphetamine on or about April 16, 2022, as confirmed by the admission of use form she signed that same date.
